

Regulations A.W.S.R. Hipac St.Joris – 2026

Of the members

Article (Art.) 1

Everyone who wishes to become a member of the Algemene Wageningse Studenten Ruitervereniging (A.W.S.R.) Hipac St. Joris and is allowed to be a member as written in the by-laws, must give a written notice to the secretary.

Art. 2

For the riding lessons and/or activities, participants (hereafter referred to as riders) have to comply with the rules of the stables in question.

This includes:

- a. Riding with appropriate riding gear. For our normal lessons this is English Riding gear: Wearing riding pants and riding boots or jodhpurs with chaps and a protection helmet. If the rider does not have a complete set of riding gear for a (trial) lesson, it can be discussed with the board if other clothes are allowed. This has to be done by sending a picture to the board by email (hipac@wur.nl). The deadline for this is the Saturday before the (trial) lesson. Only a helmet can be borrowed at the stables for the lessons.
- b. For other activities where English Riding gear is not a must, it will depend on the stable in question what clothes to wear.
- c. If the rider does not have the appropriate clothing but still shows up, they are not allowed to join the lesson. They still have to pay the association the normal lesson price. In the case of a trial lesson, the rider will only get the money back when they cancel the trial lesson at the latest 48 hours in advance. If they do not cancel the lesson in time, the full price has to be paid.
- d. The board expects the rider to be as honest as possible about their riding abilities. Only then can we match them with a horse that they can handle with their experience.
- e. If a rider is too inexperienced in their riding, members of the board hold the right to stop them from continuing the lesson. The instructor of the lesson will judge if their riding skills are sufficient or not and will decide with a board member or someone else who was chosen to make said judgement, to (dis)continue their lesson. The rider will not get their money back if such a decision was made.
- f. If a rider is hurting or endangering their horse, other horses, people at the stables or themselves, they can be prohibited from joining or continuing the lesson or an activity. A member of the board, the riding instructor or someone else who was chosen to make said judgement, can make this decision at any moment during the lesson or activity, starting from the moment they walk onto the terrain. The rider will not get their money back if such a decision was made.
- g. During a (trial) lesson the board expects the rider to be able to do the following: being balanced in all three gaits and riding them independently in the group, rising trot with the rhythm of the horse, having quiet hands and quiet legs, and being able to steer and stop a horse without trouble.

Next to this, the level of riding of a potential member should be judged as sufficient by the lesson instructor for other relevant activities.

Art. 3

Memberships can have the following duration:

- A full membership is for a whole academic year (1st of September until the 31st of August).
- Members can also choose to be a member for half a year: from 1st of September till the 1st of February or from the 1st of February until 31st of August.
- Every potential member can have a trial lesson for the reduced Hipac-lesson price. After this lesson, they must become a member before they can join more lessons.

Art. 4

Two types of membership can be chosen:

- Active members are those who are in possession of sports rights and have a sports card distributed by Sports Centre de Bongerd.
- “Supporters” are those who are not in the possession of a sports card and/or sport rights. Therefore supporter members will not get a reduction on our lessons, but they can join our activities.

The table below indicates which people can become an active and/or supporter member with A.W.S.R. Hipac St. Joris.

Table 1: Study phase and whether these people can become an active and/or a supporter member with A.W.S.R. Hipac St. Joris. “WUR” means that the person can become that kind of member when they study or are doing a PhD at Wageningen University and Research, “Non WUR” means that the person can become that type of member even when they are not studying or doing a PhD at Wageningen University and Research, and lastly “-” means that a person can not become that type of member.

<i>Study phase</i>	<i>Active</i>	<i>Supporter</i>
Bachelor WUR	WUR	WUR/Non WUR
Master WUR	WUR	WUR/Non WUR
PhD WUR	WUR	WUR/Non WUR
Employee WUR	-	-
Alumni*	-	WUR/Non WUR*
Alumni of SO free year	-	WUR/Non WUR**

*Alumni may remain a member with Hipac St. Joris for 5 years after graduating, as is stated in the regulations of SWU Thymos. After graduating an alumni may no longer become an active member, but only a supporter member.

**Alumni from a year without SOs. They can become a supporter member for free for half a year if they only want to join SOs for the coming half year. (They will only be receiving priority for one start) If the member intends to participate in any other activity, the member should acquire a regular membership.

Art. 5*

Removal of a member can take place:

- Upon the unanimous decision by the board, due to one of the following reasons:
 - due to non-payment (according to [Art. 4](#)).
 - for discrediting or severely affecting the functioning of the association.
 - after at least two instances of inappropriate behavior. The first instance will be issued an official warning unless deemed severe enough to warrant a suspension. The warning itself does not warrant a suspension.
- By the General Members Meeting (GMM), on suggestion of the board or on suggestion of ten

members who are entitled to vote ([Art. 31](#)).

- This decision can only take place on the GMM called for this occasion and only with a majority of 2/3 of the legitimate votes. The people whom the removal concerns cannot vote regarding the removal.

By removal of a member the rights of said member are made invalid from the day that the decision of removal is made, the obligations of the member remain the same for the remainder of the academic year ([Art. 3](#)). A removed member cannot become a member of A.W.S.R. Hipac St. Joris for three years excluding the year the member has been removed. If at least one of the members objects to the removal, the removal has to be decided upon in a GMM ([Art. 31](#)). The deadline for objections is five days after the announcement of the removal. A GMM has to take place 28 days after the deadline for objections has ended ([Art. 33](#)). A member is suspended awaiting the decision on their removal of the association. The maximum duration of this suspension is 42 days.

Art. 6*

Suspension of a member can take place:

- Upon the unanimous decision by the board unanimously, due to one of the following reasons:
 - due to non-payment (according to [Art. 4](#)).
 - for discrediting or severely affecting the functioning of the association.
 - after at least two instances of inappropriate behavior. The first instance will be issued an official warning unless deemed severe enough to warrant a suspension. The warning itself does not warrant a suspension.
- By the GMM on suggestion of the board or on suggestion of ten members who are entitled to vote. Based on the issues above or any issue raised by the GMM. This decision can only take place on the GMM called for this occasion and only with a majority of 2/3 of the legitimate votes. The people whom the suspension concerns cannot vote regarding the suspension.

A suspension is the exclusion of a member from all activities within the association for a given duration. A suspension can have a duration of 1 to 30 days. The suspension comes into effect at least five days after it was announced. Within the suspension period, a GMM has to take place, where it is decided upon the suspension. Only members who are awaiting a decision on removal from the association can be suspended immediately. If at least one of the members objects to a suspension before the starting date, the suspension has to be decided upon in a GMM ([Art. 31](#)). The deadline for objections is five days after the announcement of the suspension. A GMM has to take place 28 days after the deadline for objections has ended ([Art. 33](#)). In case of an objection, the suspension is on hold until the GMM.

Art. 7

An official warning is a written warning issued by the board to a member for one or more reasons. Official warnings can be given

- For discrediting or severely affecting the functioning of the association.
- At an instances of inappropriate behaviour. The first instance will be issued a formal warning unless deemed severe enough to warrant a suspension.

An official warning does not have any influence on the rights and obligations of the warned member. An official warning is valid for 6 months, unless another warning has been given before. A warning after the

first official warning is valid for 12 months. An official warning needs to be issued and announced within 2 weeks of the occurrence of the incident which led to the issuing of the warning. Before an official warning can be issued, the member concerned needs to have received a verbal or written notice that they need to change their behavior and had the chance to do so. This notice should be given as soon as possible after the incident occurred, within maximum period of a week. When issuing an official warning, the issue that led to the warning needs to be appointed specifically, preferably with an example(s). After the issuing of an official warning, an objection can be made either by the warned member or by any other member. If at least one member objects to the official warning, the validity of the warning has to be decided upon in a GMM (Art. 31) by majority. The deadline for objections is five days after the announcement of the official warning. If there are any objections, a GMM has to take place 28 days after the deadline for objections has ended (Art. 33). In case of an objection, the formal warning is on hold until the GMM.

Of the board and committees

Art. 8

The board change takes place during the GMM held in January and/or June, unless a board member must resign earlier due to unexpected circumstances.

Art. 9

Resigned board members are immediately eligible for re-election.

Art. 10

Intermediate changes will be dealt with at the first GMM to be held.

Art. 11

Resigning board members remain in their function until their successors are installed as board members. They are obliged to inform their successors to the best of their knowledge.

Art. 12

The board needs to take knowledge of the by-laws and the regulations of A.W.S.R. Hipac St. Joris and the Koninklijke Nederlandse Hippische Sportfederatie-Vereniging Nederlandse Studentenruiters (KNHS-VNS; Royal Dutch Equestrian Federation - Dutch Student Riders Association).

Art. 13

The chair is generally in charge, keeps order at the GMM, opens and closes discussions and represents A.W.S.R. Hipac St. Joris within the association and to the outside.

Art. 14

The secretary takes care of the correspondence, maintains and stores the archive, sends summons for meetings and draws up and maintains the members registration. They need to inform the other board members as soon as possible about all the relevant incoming pieces. At the end of the association year or in the case of accelerated resignation, they give an account of the previous association year during the GMM in which the resignation takes place. The secretary is responsible for the announcement of the GMM and the subjects that will be on the agenda during this GMM to all members, at least 7 days before the GMM takes place. The secretary has the responsibility to draw up the minutes. These should be included in the email announcing the next GMM.

Art. 15

The treasurer supervises the money, collects the money that is entitled to A.W.S.R. Hipac St. Joris, and makes payments up to a sum of €25,00 independently. The lesson declaration can be paid each month without permission of the rest of the board. For other payments exceeding this amount, they need the permission of the board. They are personally responsible for the money that is entrusted into their care, unless circumstances beyond their control are proven. The treasurer installed at the beginning of a calendar year should submit a budget during the GMM, at which their installation takes place. At the end of the calendar year the GMM will discharge the treasurer. If a change of treasurers is taking place during

the calendar year, the newly installed treasurer takes over the budget made by the former treasurer and approved by the GMM at the beginning of the calendar year.

Art. 16

The vice chair, if assigned, will take the place of the chair, secretary, or treasurer when they are not able to be present. (For instance, due to family circumstances, sickness, etc.).

Art. 17

A board member or committee member can be discharged from their function by the GMM by majority. Discharge can take place when there are reports of far-reaching neglect in their function, when the person is harming the association or in case of gross offence of the definitions in the non-disclosure agreement, in the by-laws or in these regulations.

Art. 18

A board member or committee member is not allowed to receive a financial compensation from the association account for their board or committee activities.

Art. 19

New board members should be introduced to all members by a written notice at least 7 days before said new board member is installed.

Art. 20

Alternative candidates should be submitted in writing to the board at least 24 hours before the GMM. The majority of the members on the GMM should give permission for the board change.

The money

Art. 21

The membership fees are:

	Price Active	Price Supporter
1 year	€28	€28
½ year	€21	€21
½ year, alumni SO free year, SO starts only	n/a	Free

The membership fees can be indexed at the start of each academic year according to the inflation of the previous academic year.

*As stated in article 4, members who graduated during a year without SOs, will be offered a ½ year supporter membership to participate in at least one more SO. If the member intends to participate in any other activity, the member should acquire a regular membership.

Art. 22

The board can prevent members, who did not meet their financial obligations, to ride as part of the association until all their due costs have been paid. The debtor is obliged to pay any costs made for the collection of their debts. If a member fails to pay for a lesson or an activity ahead of the payment deadline (i.e. 48 hours in advance), they will be fined €3, - on top of the owed amount. If a member fails to pay in time for the fifth time, the fine will be doubled to €6,- , which will remain set at this rate for the rest of the academic year. Each fifth time the payment deadline is missed the fine will be doubled. The doubling of the fine will reset itself at the start of a new academic year.

Art. 23

Members can declare the costs they made for the association. This can be done by filling in the declaration form that is accessible to all members via the website of the association. The form should be handed in digitally via e-mail or hardcopy (given to the treasurer or in the mailbox at Sports Centre de Bongerd). The declaration form has to be handed in at most two weeks after the end of the activity that the expenses were made for. The declaration form for clothing subsidy for a committee or board needs to be handed in at most two weeks after receiving the clothing. If the form is handed in after this point without a valid reason - the board will determine what is a valid reason - the declaration will be denied. For making expenses and declaring fuel costs, members have to ask the current treasurer of

A.W.S.R Hipac St. Joris for permission in advance. This has to be done at least 24 hours before the start of the activity that the expenses will be made for. Otherwise, their declaration cannot be granted. Members can declare costs in the following cases:

- If they purchased items that will be used by the association, for example during lessons at Foliohoeve, evening activities, or SOs. Examples: pens, walkie-talkies, competition jackets, printing costs, and presents for board & committee members/external parties.
- If the board or committee purchased board or committee clothing. Each member can declare a € 20,00 subsidy on the costs. If the costs are higher than € 20,00, the board/committee will have to pay for the remaining amount themselves. The subsidy is given for each function separately, so if one member is in both the board and a committee or in multiple committees, they will receive the subsidy for all functions they have.

- If they drove a car to an activity organized by Hipac. These activities should be open for subscription for all Hipac members and should be organized by the board or a committee.
- If they drove a car to a remote location that could not have been reached by other modes of transportation, for example meetings with sponsors and/or external parties (> 1.5 hours with public transport).
- If they drove a car to purchase/pick up items for the association that could not have been picked up via other modes of transportation (e.g. groceries, large boxes, remote location).
- If went by public transport with no OV chipcard discount, members can declare a 40% discount with a maximum value of 10 euros.

Footnote:

- All receipts must be attached to the filled-in declaration form
- When declaring fuel costs, a member should have at least one other Hipac member travelling with them in their car to be able to declare fuel costs. Except when they had to drive the car from elsewhere for it to be used for an activity.
- The fuel costs can still be declared when the member had to drive past a certain location, a place other than the pickup point, anyway to get to the activity and picks up other members along the way.
- The starting and end point for all fuel cost declarations is Bornsesteeg 2, Wageningen (Sports Centre de Bongerd). An exception to this rule can be discussed with the board, only in advance of the trip.
- The fuel costs are determined by the ANWB Routeplanner by the treasurer of A.W.S.R. Hipac St. Joris.
- Fuel costs cannot be declared for activities that are not organized by Hipac itself, like SOs from sister associations.
- Members should declare their fuel costs using the special declaration form for fuel costs, available on the Hipac website for all members.

The riding lessons

Art. 24

The members of A.W.S.R. Hipac St. Joris ride at the stables according to the agreements that have been agreed upon for the association by the board of A.W.S.R. Hipac St. Joris, SWU Thymos and the stable in question.

Art. 25

The following are the rules around the subscriptions to the lessons:

1. One subscription per week per person:
 - a. EITHER for a lesson OR on the waiting list for a lesson
 - b. When you do not stick to this rule, you will be warned, if you are still subscribed to two or more lessons by the registration deadline your subscriptions will be cancelled, unless spots are left after the subscription closes and your subscription is approved by stables.
 - c. The deadline for lesson subscription and waiting list (in normal situations, otherwise it is specified in an email) is the Friday 23.59h before the lessons.
2. When you want to reserve a spot for the next lesson, please state it in the comments of the lesson. The lesson reservation will be split into dressage lessons and jumping lessons, therefore you would reserve a spot for the next dressage or jumping lesson:
 - a. When on the waiting list of a dressage lesson, you can reserve a spot for the next dressage lesson on the same time and day of the week.
 - b. When on the waiting list of a jumping lesson, you can reserve a spot for the next jumping lesson for the same level as that you were on the waiting list for. The requirements listed under article 2 must be met.
3. If you are on the waiting list of a lesson and you have reserved a spot for the lesson the next week, and a place becomes available (at the latest 24 hours before the lesson) in the lesson you are on the waiting list for, but you are not able to join the lesson, your reservation for the lesson next week becomes invalid.
 - a. The waiting list spot can be cancelled in a similar way as to the lesson spot. If the waiting spot is cancelled, the possible reservation for the next lesson is also cancelled.

Art. 26

Cancellation of riding lessons by the board should be done by notifying the stables and has to take place at least 48 hours before the lesson. When this is not done the lesson fee is owed to the stable. If a member wants to cancel their riding lesson or vacate their spot on the waiting list, they have to notify the commissioner of riding at least 48 hours before the lesson. Else, in case of a riding lesson, the member has to pay their lesson fee in full, if there is not another member to take their spot in the riding lesson.

Art. 27

The reduction of costs that active members have on the lessons of A.W.S.R. Hipac St. Joris at the stable in question, can also be used by the members on the lessons outside of our regular lesson hours, up until 16 members a week, including 4 spots for lessons taken during the regular Hipac lesson, in accordance with article 3. This means 12 spots outside Hipac lessons will be available for members that do not have a regular

spot in the lesson at the stable in question. All members are allowed to ride more than one lesson per week, however only one type of lesson during our regular lesson hours. The “extra” lesson(s) by a member will be for the full price asked by the stables, so no reduction of costs for active members.

The SO's

As to give all members a fair chance to participate in an SO, the order of subscriptions for SOs will always be managed by the board of Hipac and the contact person SOs. Any subscription lists and subscription protocols will be approved by the board with a majority. If there is a dispute the board would vote, if a member of the board is involved in the dispute they should not vote. If there is a tie another proposal should be considered.

Art. 28: Order of subscription

It is important, for clarity, that a clear order is defined. The order is defined and shared with attendees per subscription block. Subscription blocks will be defined in section B. The order is given below:

1. One spot can be reserved for someone who is able to help and guide people joining an SO for the first time, through the process and with understanding their horses. For this someone is, if available, chosen to whom the following applies:
 - At least 3 SOs experience.
 - Enough horse-riding experience to help guide others with their horse.
 - Approved by majority to perform said task by the board, after being proposed as a candidate by the contact person SOs or the board.
 - It is preferred this member subscribes for a class for which fewer places are required by Hipac.
 - If possible, this person will alternate.

This person should be assigned under the following conditions:

- For every two members joining their first SO in the Level 1 (Ba) and Level 2 (Bb), there is at least one person from a higher level with at least 3 SOs experience available to help. (e.g. 2 new people require 1 or more experienced people from a higher level. 3 new people require 2 or more experienced people. The higher level is relevant to avoid simultaneous starts and to help the person).

For every two members joining their first SO in the Level 3 (La), Level 4 (Lb) or Level 5 (M) or B or L jumping, there is at least one person from a different level with at least 3 SOs experience available to help. (e.g., 2 new people require 1 or more experienced people from a higher level. 3 new people require 2 or more experienced people. The different level is relevant to avoid simultaneous starts and to help the person).

2. Members who have not joined a SO before, meaning:
 - People who have tried to join an SO previously but failed, go first. The order is determined by the number of attempts. After that, members are subscribed in the order subscriptions were received.
 - Members will lose their priority when they could start at a previous SO, but unsubscribed and this has happened for the second time. The exception is when there is a valid reason for unsubscribing, such as illness or family matters. The reasons for unsubscribing will be assessed by the board and the board will decide if an exception will be made. The voting of the board will be decided by majority. After one academic year the count of the unsubscriptions will be reset.
3. Members who subscribed for the previous SO, but couldn't start at this SO, meaning:
 - If a member who couldn't start at this SO, decides to not subscribe for the next SO, the

advantage is lost.

- ⑦ The member attempted to join the previous SO before the close of subscriptions (only for the discipline the member attempted to join). A member with more consecutive attempts gets a higher priority than one with fewer attempts. If a member unsubscribes from the competition due to not having the possibility to start the SO (e.g., because of their position on the waiting list) after the preliminary starting list is sent, they will still get priority at the next SO. If the member was able to start when the preliminary starting list is sent, but unsubscribes without a valid reason and this has happened for the second time, they will lose their priority for the next SO. The exception is when there is a valid reason for unsubscribing, such as illness or family matters. The reasons for unsubscribing will be assessed by the board and the board will decide if an exception will be made. The voting of the board will be decided by majority. After one academic year the count of the unsubscriptions will be reset.

- In case you can't meet a weight limit. However, a member should in this case still indicate their desire to start at an SO through an email to the board of Hipac but indicate the weight limit is the problem. Additionally, they should join the SO where they can't ride as a supporter.
- In case a level of a member isn't available. However, a member should in this case still indicate their desire to start at an SO through an email to the board of Hipac, but indicate their level isn't held. Additionally, they should join the SO where they can't ride as a supporter.
- For all members who subscribed and to whom the points above apply: members are subscribed in the order their subscriptions were received.

4. All other members who are currently a student are subscribed in the order their subscriptions were received.

5. Alumni who are still a member of Hipac St. Joris are subscribed in the order their subscriptions were received.*

6. In case of a double start, the member will be asked to prioritize one start. The prioritized start will be processed as stated above. The non-prioritized start will be added at the bottom of the

list. (Please note that the VNS currently places all double starts at the bottom of the starting list).

* = Alumni who graduated during a year without SOs will be treated as regular student members until they completed one start.

Art. 29: Subscription protocol

Furthermore, in order to give everybody a chance to subscribe for an SO, the following is suggested to develop a subscription protocol:

1. Subscriptions will be opened at least 36 hours or more after the invitation was sent to the members.
2. The date and time subscriptions will open will be mentioned in the email with the invitation.
3. Unless mentioned otherwise, subscriptions will be processed in blocks according to the specified order specified below:
 - 4 days after subscriptions are opened (Block 1)
 - 11 days after subscriptions are opened (Block 2)
 - At the closing of subscriptions (Block 3)

It should be noted that new subscriptions after processing of a previous block will automatically come after the already processed subscriptions, no matter the previously mentioned order.

Therefore, the order of subscriptions as described in Art. 27 will be assigned per subscription block.

4. Once a member unsubscribes, their place in the order of subscriptions will be lost and given to the next in line.

The subscription protocol is a text consisting of:

- Starting time and date of subscriptions
- Date subscriptions will be sent

The subscription protocol will be, by majority, approved by the board of Hipac and can consequently deviate from the suggestions. The protocol and rules will be communicated with the members in the invitation for an SO. Deviations from point 1 of Art. 28 should be unanimously approved by the board. The board is within its right to approve any deviations it deems necessary for one-time.

Structural changes should be, as with any regulations, approved by the GMM. The order of subscription will be shared at the moment they are sent to the organization of an SO.

Art. 30: Manner and validity of subscribing

In order to facilitate all things mentioned in Art. 27 and 28, one should always, when intending to participate in an SO as a Hipac member, submit subscriptions to the relevant places mentioned in the invite spread by the SO contact person/Hipac board. A subscription consists of two parts:

- Signing up in Sportmember
- An online form to acquire all needed information

The time in Sportmember is leading in determining the time a subscription was received. The form needs to be sent within 24 hours after subscribing in Sportmember.

Consequently, the SO contact person and Hipac board have the right to withdraw individual subscriptions, when these were submitted individually (straight to the association of the SOs) instead of being submitted by Hipac after receiving the subscription from the member. Also, invalid subscriptions can be withdrawn.

Art. 31: Age limit

Any member attending their first SO should be younger than 30 years old at the start of the current academic year, in accordance with VNS regulations.

The meetings

Art. 32

The GMM is accessible for all members. A GMM has to be announced at the latest 28 days in advance. The agenda has to be announced 14 days in advance at the latest, together with corresponding documents. The agenda and the corresponding documents can be updated until 7 days in advance of the GMM. Subjects for the GMM can be proposed by the board and the members until 14 days in advance. Proposals by the members can be sent in until 10 days before the GMM. Every decision reached at the GMM is obligatory for all members.

Art. 33

The annual secretarial and fiscal report should be signed by the chair and the responsible board member after they have been approved by the GMM. The signed original should be retained as at the time of signing.

Art. 34

A GMM should be announced to all members at least 28 days in advance by a summon, this is not valid for exceptions as listed in the by-laws.

The elections

Art. 35

To determine the outcome of an election or the acceptance of a proposal, the majority of legitimate votes is used. The majority of legitimate votes is defined as $\frac{1}{2}$ of the total amount of legitimate votes, plus 1 in case of an even number of votes. In case of an uneven number of votes, the total majority of the total amount of legitimate votes decides. This rule is not valid for exceptions as listed in art. 5, 6 and 39.

Art. 36

All members are eligible for election.

Art. 37

When voting directly regards the board, the current board should withhold from voting.

Art. 38

When there are multiple candidates who applied for the same position, the person who receives the highest number of legitimate votes is elected.

Art. 39

A proposal is carried by vote when it has the majority of legitimate votes; which is defined as $\frac{1}{2}$ of the total amount of legitimate votes plus 1 in case of an even number of votes. In case of an uneven number of votes, the total majority of the total amount of legitimate votes decides.

Final articles

Art. 40

To increase the membership fee stated in the regulations art. 20 the explicit approval of the board of A.W.S.R. Hipac St. Joris and the majority of the votes of the members attending the GMM is needed.

Art. 41

Any possible possessions are/will become property of A.W.S.R. Hipac St. Joris, if they are obtained with money from A.W.S.R. Hipac St. Joris or if they are donated to A.W.S.R. Hipac St. Joris.

Art. 42

Changes in the regulations can only be made after a proposition of the change was mentioned on the agenda of the GMM. To change the regulations, this proposition has to be accepted during said GMM, with a majority of at least $\frac{2}{3}$ of the legitimate votes.

Art. 43

When there is a difference of opinion regarding the interpretation of the by-laws or these regulations, a decision has to be made during the GMM.
